A FEW RULES FOR JUNIORS WITH NEW CLASS RINGS
WAKEFIELD TRADITIONS

You must have a senior put your ring on you. Your ring must be turned the number of your graduation year eg. (1975, you would have it turned 75 times). It must be turned by someone of your class. Of course everyone knows to shine your new rings on the sleaves and various other parts of clothing. And finally, when you actually have the ring put on, it must be placed on with the year of your graduation facing you until such time comes as when you finally get your sheepskin.
